DESCRIPTION

This 2014 Audi Q7 TDI V6 S line Style Edition is a practical and capable SUV that offers a blend of performance and comfort. Powered by a 3.0 litre diesel engine paired with a four wheel drive system, this vehicle is designed to handle various driving conditions with ease. It features a spacious interior with seven seats, making it a suitable choice for larger families or those needing extra passenger capacity. With a recorded mileage of 84,000 miles, this vehicle has covered a low distance for its age, reflecting its well maintained status.

The vehicle is equipped with several features that enhance both convenience and the driving experience. Manoeuvring is made simpler by the Audi Parking System Advanced, which includes front and rear sensors along with a reversing camera. For those who enjoy high quality audio, the BOSE surround sound system provides a premium listening experience, while the panoramic glass sunroof adds a sense of light and space to the cabin. Practicality is further supported by a removable towbar, allowing for a towing weight of 3,200 kg. On the road, the vehicle demonstrates its capability with an acceleration of 0 to 62 mph in 7.8 seconds, and it benefits from Bi-Xenon Plus headlights for improved visibility. Additionally, this model sits in a low insurance group, which can be a helpful consideration for ongoing running costs.

FEATURES
