DESCRIPTION

The 2017 Audi S3 TFSI is a capable vehicle powered by a 2.0 litre petrol engine. This model features a four wheel drive system, which provides consistent traction across various road conditions. As a Euro 6 emission class vehicle, it meets current standards for environmental efficiency. The combination of its engine and drivetrain allows the car to accelerate from 0 to 62mph in 4.6 seconds, offering a responsive driving experience.

This vehicle is equipped with several features designed to improve comfort and convenience for the driver and passengers. The interior includes dual zone electronic climate control and heated front seats, allowing for personalised temperature settings regardless of the weather. For added ease during daily use, the car comes with a rear view camera and parking assistance, alongside light and rain sensors that automatically activate the headlights when needed. Connectivity is managed through a built-in Bluetooth interface, ensuring that essential communication remains accessible while on the move.
