DESCRIPTION

The 2018 Jaguar F-PACE D180 R-Sport combines the practicality of an SUV with the refined engineering expected from the brand. This model is powered by a 2.0 litre diesel engine and features a four wheel drive system, ensuring capable performance across various road conditions. As a Euro 6 compliant vehicle, it meets modern emission standards while offering a towing capacity of 2400 kg, making it a versatile choice for those who need to pull trailers or caravans. The R-Sport trim level adds a distinct aesthetic and equipment package to this well-regarded vehicle.

This Jaguar offers a range of features designed to enhance comfort and convenience, such as the fixed panoramic roof that brings more light into the cabin and 10-way electric front seats for tailored comfort. Parking is made simpler with the inclusion of both a rear view camera and front parking aid sensors, while the xenon headlights with LED signature provide clear visibility. Beyond these additions, the vehicle stands out for its practical design, offering a large boot space for luggage and equipment. Drivers will also appreciate the balance of efficiency and power, with the engine capable of accelerating from 0 to 60 mph in 8.4 seconds alongside low CO2 emissions.
