DESCRIPTION

This 2017 Volkswagen Golf TDI GTD presents an exceptional ownership proposition with its remarkably low mileage of just 62,000 miles, a testament to its careful use by only two previous owners. Under the bonnet, a potent 2.0 litre diesel engine delivers impressive performance, achieving 0-60mph in a swift 7.1 seconds, all while adhering to the Euro 6 emission standards. This GTD model comes equipped with a suite of advanced features designed for convenience and safety, including Car Net App Connect for seamless smartphone integration with Android Auto and Apple CarPlay, front and rear parking sensors with parking assistance, and climate control for a comfortable cabin environment.

Further enhancing the driving experience, this Golf features Adaptive Cruise Control, which intelligently maintains a set speed and distance from the vehicle ahead, and striking LED headlights with Dynamic Curve Light technology for improved visibility. The generous boot space offers ample room for luggage or shopping, making it a practical choice for everyday use and longer journeys. These carefully selected features and its outstanding provenance demonstrate why this particular Volkswagen Golf TDI GTD stands out from other vehicles in its class.
