DESCRIPTION

This 2015 Volvo V40 D2 R Design presents an exceptional opportunity with its remarkably low mileage of just 77,000 miles for its age. This particular V40, finished in the sporty R Design trim, boasts a responsive 1.6 litre diesel engine and features a lowered sports chassis for enhanced driving dynamics. You'll also appreciate the convenience of the tunnel sensor which automatically activates the headlights, electronic climate control to keep you comfortable in all conditions, and the Bluetooth handsfree system for safe and easy connectivity on the go.

The V40 D2 R Design offers significant advantages over other vehicles in its class. Its impressive fuel economy of 83 mpg means fewer trips to the petrol station, and its low CO2 emissions contribute to a lower environmental impact. Furthermore, its low insurance group rating makes it an economical choice for many drivers, while the generous boot space ensures you have plenty of room for luggage or shopping.
